

TESTIMONIES

God's Plan for His Church

"By the end of the book each participant will have his own Bible-based church planting strategy. Each question presented makes the participants rely on the Holy Spirit and answer in truth from the Bible. The best thing about the manual is it is very simple and practical."

— Church Planting Leader, Nepal

The last ten years, I studied and applied this biblical philosophy in my life and ministry. When I started using this manual, I went from educator to biblical church planter."

— Church Planter, South India

"This training tool has been a turning point in my ministry."

— Church Planter, Bangladesh

God's Plan for His Disciples

"There seems to be some hunger among men as we work through GPHD, and they want to go through it a second time. They have learned more in a few weeks than in the last 40 years."

— Bible Study Group in the USA

"What I like about this book is the way the questions are asked. They start with "What," "How," or "According to..." They will make my people actually read their Bible to get the answers instead of reading what someone says about the Bible."

— Pastor in North Carolina

"I really enjoy looking up the Scriptures and writing the answers. It has really helped me to grow biblically and remember the information in more detail."

— Believer in the USA
